

## Technology Exhibition and Conference

# AUTOLINK 2016: CURRENT EXHIBITOR LIST

**Auto Adbuilder by Esysys:** Generates multiple geo-located and deep-linked search and re-targeting ads.

**AutosOnShow.TV:** A software development company providing imagery and video solutions.

**Avon Manufacturing:** Manufacturer of anti-rattle tapes and complex Vac foamed ducts.

**BJ Seals:** Supplier of oil seals, gaskets, rubber/metal steering and suspension and plastic parts.

**Caerbont Automotive Instruments:** Manufacturer of Smiths products and bespoke instrumentation.

**CDSM:** Award-winning global digital learning solutions provider.

**Cornelius Electronics:** Manufacturer of Box Build and bespoke cable assemblies and wiring harnesses.

**CSM Pressings:** Supplier of pressed components and powder coating services.

**Dawson Shanahan:** Provider of precision cold forming, CNC machining and assembly services.

**Espack Eurologistica:** Customs warehouse offering storage, decanting and other logistics services.

**Euro Quality Coatings:** Premier applicator of powder coat and electrophoretic coating.

**Exsel Dytecna:** Engineering solutions, technology systems and support services.

**Excel Precision Engineering:** CNC, rapid prototyping, pressings and assemblies.

**GTS Flexible Materials:** Supplier of materials for flexible printed wiring, insulation and bonding.

**Gwent Cables:** Manufacturer of cable assemblies and wiring harnesses.

**Hayakawa:** Design and mass manufacturer of cost effective wire harness solutions.

**KSR Electronic Systems:** Mass production of high quality electronic components and assemblies.

**Linea Resourcing:** Provider of permanent, contract, interim, and executive search solutions.

**Magor:** Provider of precision engineering and automation services.

## Technology Exhibition and Conference

### AUTOLINK 2016: CURRENT EXHIBITOR LIST cont.

**Mitsui Components Europe:** Manufacturer of door latch and lock assemblies.

**Moulded Foams:** Leading Cellular Foam materials manufacturer for componentry and returnable packaging.

**OR3D:** Provider of 3D scanning using hand held and tripod mounted scanners and laser trackers.

**Paintflow:** Offering a two coat two bake process and range of manual and semi-automatic spraying.

**Precision Manufacturing Solutions:** Offering build to print manufacturing solutions to meet customer needs.

**Reflex & Allen:** Manufacture fluid transfer products, electrical cable and pneumatic tube assemblies.

**Rugbi Industrial Supplies:** Provider of PPE corporate workwear, safety equipment and tools.

**Showa:** Manufacturer of shock absorbers and power steering systems.

**Spectrum Technologies:** Manufacture of advanced laser-based wire processing equipment.

**Team Precision Pipe Assemblies:** Specialists in pipe manipulation, end-forming, brazing and assembly.

**Torchwood Technologies:** Manufacturer of bespoke RFID/barcode tags for tracking purposes.

**Trojan Mek:** Specialists in industrial machine moving, decommissioning, relocation and installation.

**TSW Training:** Delivering bespoke and accredited training to the Automotive Sector

**VML Group:** Offers machine moving, mechanical and engineering services.

**We Predict:** Provider of predictive analytics services to OEMs and Tiers 1's.

**Winslow Adaptics:** Design/manufacture of electrical/electronic/mechanical solutions to mitigate obsolescence.

**Please note that there are still a handful of exhibition spaces left and so if you would like to express your interest to exhibit please follow the link:**
